BESANÇON TRIATHLON
ORGANISATION

The Vauban Triathlon, a structuring event in the sporting dynamics of Greater Besançon, returns once again in June, at the heart of a period dense in events. After two years disrupted by a complex health situation during which the Besançon Triathlon club mobilized to maintain the Para-Triathlon World Cup Stage, we are proud that the club is expanding, for this 2022 edition, the program of the Vauban Triathlon with the integration of 3 new events. The event will take place over 2 days: the Para-Triathlon World Cup stage will take place on Saturday June 11; Sunday, June 12 will be devoted to open races over the M and L distances, by team and in the relay. These two new events with almost unprecedented formats on a national scale, once again affirm the quality and uniqueness of the territory of Greater Besançon for the practice of outdoor sports. Thanks to the work of the 200 volunteers involved around Loïc Geschwine, president of the Besançon Triathlon, the Vauban Triathlon contributes to the influence of Greater Besançon in this discipline.

Labeled Center for Preparation for the Games in 20 disciplines including triathlon and para-triathlon, it is an honor that Alexis Hanquiquant, Paralympic champion and winner in Besançon in 2021 is the sponsor of this 2022 edition. It also means promoting the Osselle base as a host site for international competitions. The Vauban Triathlon high-level event takes place in a natural environment where it is very pleasant to swim, ride, run. I wish all triathletes and para-triathletes to achieve their sporting goals: in the most difficult moments, when the muscles are stiff, they will be able to draw motivation and additional energy from this quality environment that they will go through because as Martin Schlutz, triple Para triathlon World Champion, puts it so well “In Besançon it's a bit like on vacation”!

Anne VIGNOT

President of Grand Besançon Métropole
Mayor of Besançon
